SUMMARY

Proven expertise in programming and data management, demonstrated at ANEASIS LTD through the development of scalable web platforms and meticulous data entry. Excelled in Python, JavaScript, and database handling, ensuring error-free data processing and efficient API integration. Showcased strong collaboration and problem-solving abilities, significantly enhancing project outcomes and operational efficiency

WORK EXPERIENCE

March 2024-Current

Frontend/Backend Development, ANEASIS LTD

- Built APIs and data clients to consume APIs.
- Managed efficient SQL queries and data transport.
- Developed server-side logic in Python and JavaScript.
- Developed web platform back ends using NodeJS and Flask frameworks.
- Troubleshot and tested software and debugged to clean up code and improve efficiency.
- Collaborated closely with frontend developers to ensure optimal user experience from both client-side perspective as well as server-side optimizations.
- Maximized code maintainability with modular design principles and thorough documentation.
- Built flexible, reusable code and libraries for future use.
- Resolved scalability problems and addressed security concerns.

Data Entry, ANEASIS LTD   March 2024-Current

- Completed data entry tasks with accuracy and efficiency.
- Sorted documents and maintained organized filing process.
- Verified accuracy of data entered into system to produce error-free reports.
- Scanned documents and saved in database to keep records of essential organizational information.
- Entered data into various computer systems accurately using Microsoft Office Suite.
- Maintained strict confidentiality of sensitive client information, ensuring compliance with industry regulations and company policies.
- Followed established procedures to enter and process data correctly.
- Created and maintained data entry logs to track data entry activities

EDUCATION   **May 2019 - Feb 2023**

Certificate in Information Technology
- Kenya Coast National Polytechnic

Certificate in Software Development   **March–July 2024**
- TECHCAMP TECHNOLOGY HUB

HIGH SCHOOL LEVEL   **2015-2018**
- SIGOR BOYS HIGH SCHOOL

PRIMARY LEVEL
- CHEPKOLON GREENHIGHLANDS   **2010-2014**

As a dedicated software developer with one year of professional experience, I bring a strong foundation in front-end and back-end techonolgies to create responsive and user-friendly websites. Skilled in HTML,CSS,Javascript, Python, and various frameworks such as REACT and Django, I am adept at turning designs into efficient, interactive interfaces. My passion for clean, maintanable code and commitment to continuous learning ensure i stay updated with the latest industry trends and best practices in web development.

KEY SKILLS
- HTML
- CSS
- JAVASCRIPT
- PYTHON
- FLASK
- DJANGO
- POSTGRESQL
- BOOTSTRAP
- GIT
